# Sandwich Isle Communications

August 31, 2021, Hawaiian Telcom completed its purchase of inter-island submarine and middle-mile terrestrial fiber infrastructure assets from the bankruptcy estate of the Paniolo Cable Company, a firm previously within the Sandwich Isles Communications, Inc. (SIC) family of companies.

The purchase of the bankrupt Paniolo Cable Company assets, a process outside of DHHL jurisdiction, did not include any previously negotiated commercial agreements with SIC.

A new arrangement for SIC's use of the system will have to be negotiated between the company and the new ownership, Hawaiian Telcom.

The Hawaiian Homes Commission (HHC) recently issued a Right-of-Entry permit to Hawaiian Telcom, Inc., allowing the company temporary access to newly acquired telecommunications assets on Hawaiian Homes Lands.

Beneficiary Consultation meetings will be conducted by the Department of Hawaiian Home Lands (DHHL) ahead of a long-term land disposition to Hawaiian Telcom.

# BWS Water Tank

- **Project Status**

- The project has gone out to bid and BWS is currently completing its procurement process.
- Each project has a construction timeline of around 2 years, but they will be running concurrently
- Notice to proceed could be as early as the beginning of next year

- **Community Park**

- Confirm that there is interest from the community to use the park
- Access for traditional and customary practices
- Community liaison

# Mahalo
